UNIVERSITY OF DELAWARE

COMMUNICATION SCIENCES AND DISORDERS

VOICE LAB

You are invited to participate in a pediatric voice study

The ***Voice Lab*** at the ***University of Delaware*** conducts a study self-awareness of voice and vocal learning in children.

Your child might be eligible to participate if he/she:

- **Is between 3-6 years old**
- **Is normally developing**
- **Has no history of voice problems**
- **Has normal hearing**
- **Has normal or corrected-to-normal vision**
- **Is a native English speaker**

The study will be conducted online.
